

Create Vibrant Deli Displays with Promolux LED Lighting Solutions

Extend Shelf Life: Reduce Spoilage & Waste with **Safe Spectrum Technology®**

Promolux LED lighting is the ideal solution for supermarkets aiming to improve the longevity of deli products and minimize waste. Using Safe Spectrum Technology®, Promolux LEDs reduce photo and lipid oxidation, preserving the freshness and vibrant colors of deli meats, cheeses, and other perishable items.

Key Benefits of Promolux LED Lighting for Deli Displays

01 Prevent Oxidation and Spoilage

- Safe Spectrum Technology® minimizes lipid and photo oxidation, helping to extend the shelf life of deli products.
- Maintain the vibrant colors and textures of sliced meats, cheeses, and other deli items, ensuring freshness and reducing waste.

02 Accurate Color Representation with Highest CPI

- The highest Color Preference Index (CPI) ensures the most accurate and vibrant color display, highlighting the natural reds, pinks, and whites in deli products.
- Promolux LEDs enhance customer appeal by showcasing deli items at their freshest.

03 Reduce Shrink in Deli Display Cases

- By preserving the appearance and freshness of deli products, Promolux LEDs help reduce product shrink and loss due to spoilage.

Applications Across Seafood Types:

Sliced Meats
& Cold Cuts

Cheese
Displays

Prepared Foods
& Salads

Keep Deli Displays Fresh and Appealing with Promolux LED Lamps

Promolux LED lamps offer the best solution for deli display cases in supermarkets, helping to extend shelf life, reduce shrink, and maintain the visual appeal of deli products. By minimizing photo oxidation and providing the highest CPI color accuracy, Promolux lighting ensures your deli displays consistently look their best while reducing waste.

Our LED lighting is requested for various applications, such as:

Meat, Deli, Seafood, Produce, Dairy, Bakery, Floral, Chocolate & Candy, Desserts, Ice Cream & Gelato, Food Services, Wine & Beer, Prepackaged Foods, Clothing, and more

Easy Integration & Energy Efficiency for Supermarkets and Delis

01 Seamless Retrofitting

Promolux LED lamps can be easily installed into existing display cases, making upgrades simple and cost-effective.

02 Energy Efficiency and Cost Savings

These energy-efficient LEDs help reduce electricity costs while maintaining optimal conditions for deli products.

03 Long-Lasting Durability

Promolux LEDs have a long lifespan, reducing the need for frequent replacements and minimizing maintenance costs.
